CAREER OBJECTIVE

A self-motivated and curious second-year B.Tech in Computer Science and Engineering student at Sapthagiri NPS University. To gain practical experience and grow professionally by contributing to a dynamic organization where I can apply my skills, learn new technologies, and build a strong foundation for my career

EDUCATION

Sapthagiri NPS University, Bengaluru, 2024 – 2028 | Bengaluru
B.E in Computer Science and Engineering
SGPA (1st Semester): 8.05 SGPA (2nd Semester):8.73 SGPA (3rd Semester):8.52 SGPA

Govt PU College, Varthur, Class XII 2022–2024 | Bengaluru
[Govt PU college], [Bengaluru] | [85%]

St Theresa School, Hidkal Dam, Class X 2021–2022 | belagavi
[CBSE, 2021-2022], [St Theresa School], [Belagavi] | [72%]

SKILLS

Programming Languages — C | Java | Python, **Web Technologies** — HTML | CSS | JAVASCRIPT,
Tools/Platforms — MS Office | git | github, **Soft Skills** — Communication Teamwork Time
Management

LANGUAGES KNOWN

English Hindi
Kannada

CERTIFICATION

[Introduction to Cybersecurity], 02/2026 | Bengaluru
Cisco Networking Academy

- Learned fundamentals of cybersecurity, cyber threats, malware, phishing, and network security concepts.
- Gained understanding of data protection, CIA triad, and basic security practices.

ACADEMIC PROJECTS

Smart Classroom – Web-Based Classroom Management System

- Developed a web application to allocate teachers to classrooms based on schedule and availability.
- Implemented features like teacher assignment, timetable management, and classroom tracking.
- Designed user-friendly interface for admin and faculty access.
- Improved efficiency in classroom allocation and reduced manual scheduling errors.

Obstacle Avoiding Car – Autonomous Robot Vehicle

- Developed an automated robotic car capable of detecting and avoiding obstacles.
- Used ultrasonic sensors to measure distance and control movement.
- Implemented microcontroller-based logic to change direction when obstacles are detected.
- Demonstrated basic concepts of embedded systems and automation.
